The works for which the

are proposed to be acquired now are necessary in the Scheme Area in question. Under the provisions of the Madras Town-Planning Act, it is essential that the acquisition should be completed within three years from the date of the notification sanctioning the town-planning Scheme. The Council should therefore be encouraged to ~~do~~ Complete the acquisition proceedings at an early date. I therefore accordingly recommend that ~~provision~~ provision may be included for the loan applied for, in the Annual Estimates of expenditure for 1946-47.

Loan - Kodipai Municipality - Acquisition of lands for formation of roads and widening of roads.

pp 2 - 24 ?

Ref : from the Commr., Kodipai Mpality, No C1-2240/46 28-4-46

6/6

1 According to the budget estimate of the Kodipai Mpality Council for 1946-47 the Town Planning fund Acct works at a deficit of Rs 3120 in ordinary revenue and the deficit will have to be covered by a contribution from the General Account. On the basis of the budget estimate for 1946-47 as revised by the Govt the Council's annual ordy receipts/ fall short of its annual ordinary expenditure under the Acct by Rs 4731, even after taking all advances for the additional income expected from the entertainment tax and the Stamp duty. In these circumstances it is doubtful whether it will be possible for the Council to pay the annuity on the proposed loan. The Commr is requested to report how the Council proposes to finance the loan.

2 In the loan Statement submitted by the Commr. figures have been furnished for four years commencing from 1942-43. The figures furnished for 1944-45 relate to revised estimate while those for 1945-46 relate to budget estimate. The Commr is requested to send a revised financial Statement for four years from 1943-44 to 1946 showing the actuals for the preceding three yrs and the figures of the budget estimate as approved by the Govt for 1946-47. If the a

for 1945-46 are not available the figures of the revised estimate for that year as approved by the Govt may be furnished.

3 The Commr is also requested to submit a copy of the assets and liabilities Statement for 1945-46.

From, The D.T.P., Endt No 2538-45 dated 18-10-45

Loan - Ndipi Municipality - Acquisition of lands for roads in the area of the Central Ward T.P. Scheme -

The municipal Council, Ndipi has applied for a loan of Rs 25,000/-. The loan is required for acquisition of lands for formation of roads and widening of existing roads in the area of the Central Ward Town Planning Scheme, Sanctioned in G.O No 1367 P.H dated the 24th May 1945. The D.T.P recommends the loan.

2. According to Schedule II of the Scheme, a sum of Rs 25,000 is required for acquisition of lands for roads and lanes and another sum of Rs 3000/-, for acquisition of lands for "other purposes". The loan of Rs 25,000/- now applied for is for acquisition of lands for formation of ~~two~~ five roads and lanes only. In view of the reasons stated at A of page 1 c/f, the lands will have to be acquired urgently. This Dept may support the application for the loan -

3. With reference to the Finance Dept U.O note No 4477 B.G-1, dated 2-10-45, the Commr has been asked to state whether the loan is required in the current year. His reply is awaited. In the meantime L.A and Finance may see for remarks. L.A may be requested to pass on the file to Finance Dept before 1-11-45.

No anarchy in a loan of Rs 25000 repayable in 20 years with interest at 3 1/2 per cent per annum amounts to Rs 1759/- On the basis of the BE of the Ndipi Mun-al. for 1945-46 as revised by the Govt and after taking into account

30 OCT 1945 27882

5.9 30.10.45

the extra annual expenditure of Rs 5820/- involved in the payment of dearness and War allowances at enhanced rates, the annual ordinary receipts under the general account fall short of the annual ordinary expenditure by Rs 10,100. This deficit will be reduced to 9695 as from 1946-47 by Rs 2405 as the Council will have a saving in expenditure on account of a complete repayment of a loan Council in 1945-46. The council is not entitled to any arrears of 15% compensation as the municipality did not exist when Cesses were in vogue. The existing rate of property tax is only 13 1/2 % per cent per annum. With the additional income which the Council will get from the net proceeds of the entertainments tax and the additional stamp duty on transfer of property, the above deficit may be wiped off and a sufficient balance left to meet the annuity on the proposed loan. If there is not sufficient Surplus balance under the Cess Fund to meet the annuity the Council may be asked at the time of the examination of the Council's budget to increase the rate of property tax to the necessary extent so as to balance the budget. With these remarks the file may be passed on to the Finance Department.

It will be possible for the Council to finance this loan as well as the loan of Rs 15 already sanctioned in the current year for the purchase of a lorry etc and the loan of Rs 25 proposed to be sanctioned separately for the construction sheds in the Car

(previous note of this sectt. on pp. 1-2 ante) (c) /

Please see the note of the E & B.E. sectt. on p. 4 ante re the annuity on the proposed loan of Rs 25000 repayable in 20 years with interest @ 3½ p.c. per annum (provisional) is Rs 1759. According to the B.E. of the Indian Hl. Rl. for 1946-47 the Revenue & Working Funds Account works at a deficit of Rs 3120 in ordy. revenue and the deficit will have to be covered by a contribution from the Rl. Acct. On the basis of the B.E. for 1946-47 as revised by the Govt. the Hl's annual ordy. receipts fall short of its annual ordy. expenditure under the Rl. Acct. by Rs 4731 even after taking into account the additional income expected from the entertainments tax and the stamp duty. In these circumstances it will not be possible for the Hl. to pay the annuity on the proposed loan. The Comm. may be asked to report as to how the Hl. proposes to finance the loan.

In the loan statements submitted by the Comm. figures have been furnished for four years commencing from 1942-43. The figures furnished for 1944-45 relate to R.E. while those for 1945-46 relate to B.E. The Comm. may be asked to submit a revised financial statement for four years from 1943-44 to 1946-47 showing the actuals for the preceding three years and the figures of the budget estimate as approved by the Govt. for the current year (1946-47). He may be informed that if the actuals for 1945-46 are not available the figures of the revised estimate for that year as approved by the Govt. may be furnished. A copy of the assets & liabilities statement has not been submitted by the Comm. along with the financial statement. He may be asked to submit a copy of that statement also for 1945-46 showing the actuals.

With these remarks the file may be

(Previous note of this Dept. at pp 5-6 ante).

The Commr. Vellore municipality now reports that the annuity (of Rs 1757) towards the repayment of the proposed loan can be met from the betterment contribution and from the savings effected from the transfer of 6 miles of roads to the Highway Department. The amount that will accrue from the shares has not been specified. In ~~these circumstances it is for consideration whether~~ this department may agree to the sanction of the proposed loan of Rs 25000 to the mnsl. Council.

The loan application is in the form prescribed in the Madras Local Authorities Loans Rules. The revised financial statements now submitted (pages 58-66 ante) have been checked and are found to be correct. With these remarks the file may be passed on to the Finance Dept. etc.

Fin. (Exp. B)

(Last finance note on p 3 ante)

There is a provision of Rs 25,000/- in the current years' budget for a loan to the Vellore mnl. cl. towards acquisition of land for widening roads & lanes in its area in connection with the Town Planning Scheme. The mnl. cl. has now formally applied for the sanction of the loan. As the financial position of the mnl. cl. is not satisfactory L.A. Dept. originally noted that it would not be possible for the cl. to pay the annuity on the loan. At their instance, the Commr. was asked to report as to how the Council proposed to finance the loan. The Commr. has reported that the annuity could be met from the betterment contribution proposed to be levied and from the savings effected from the transfer of 6 miles of roads to the Highways Dept. Although the amount that would accrue

from these sources is not specified, the R.A. Deptt. agree to the sanction of the loan of Rs. 25,000/- to the mul. cl.

In the circumstances stated by Finance the Comm. and in view of the fact that the rate of property tax (13¼%) levied by the mul. cl. could be enhanced to the extent necessary this need not object to the sanction of the loan. The draft order below publishing the application in the Gazette may be accepted.
